By Arthur H Walker

Arthur Walker, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Shutdown rips through the world, defunding institutions and individuals without warning or mercy. Entire cities go dark as people are locked out of homes, businesses, and civic institutions alike. Silverstein, Ezra, and Taylor set out to see if all that has been done can be undone, learning more about themselves along the way. What they discover is that while some of civilization has survived, the hijacking of the Shutdown for his own purposes was far from Madmar s masterstroke. The Uroboros Saga is character driven science fiction, published three times per year. Each book continues the story with an array of colorful characters and environments. It is written to address and explore the idea of technology that extends and expands the modern notion of identity, and the sort of dystopia that such technology could create. The global fiscal apocalypse that occurs in the midst of that exploration is just there to be charming window dressing. Enjoy.
