Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Sexual intercourse serves the primary functions of procreation and nest building, nurturing and wealth creation. Our success in wealth creation and wealth acquisition depends on how well we manage our environment and how we connect and network with others. From birth, humans develop brain circuits with global interconnectivity. In other words, our brains are wired to connect with almost anyone, anywhere in the globe. Within our brains lie the secrets to reaching your target, your audience and the people that are significant to your success. Neurolinguistic programming researches and theory show that successful people have effective attachment and relationship system based on brain circuitry, effective neuro connectivity within the global network. Sexual intercourse is a primary medium that opens up this connectivity to the global network with the propensity for effective output to attract and acquire wealth into your existence. Sex and Wealth applies principles of clinical neuropsychology and neurolinguistic programming to explain the way that sexual intercourse could be applied in a meaningful way to attract and create wealth.
