Excerpt: .how are the signs of the terms 1 Of the Exponents. 88. The letter which occupies the first place in a binomial, is called the leading letter. Thus, a is the leading letter in the binomials a--b. 1st. It is evident that the exponent of the leading letter in the first term will be the same as the exponent of the power; and that this exponent will diminish by unity in each term to the right, until we reach the last term, which does not contain the leading letter. 2nd. The exponent of the second letter is 1 in the second term, and increases by unity in each term to the right, until we reach the last term, in which the exponent is the same as that of the given power. 3rd. The sum of the exponents of the two letters, in any term,...
